Security instructions

Caution

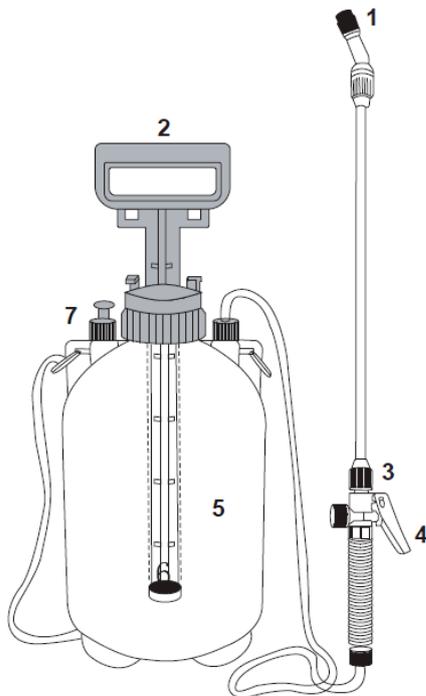

Please read the operating instructions carefully and observe the notes provided. Use the instructions to familiarize yourself with the pressure sprayer, its proper use, and the safety notes. Safe working with this machine is only possible when the operating or safety information is fully read and the instructions contained therein are strictly followed.

For safety reasons, people who are not familiar with these operating instructions should not use the pressure sprayer. safe place.

Note: Save all warnings and instructions for future reference.

Product description

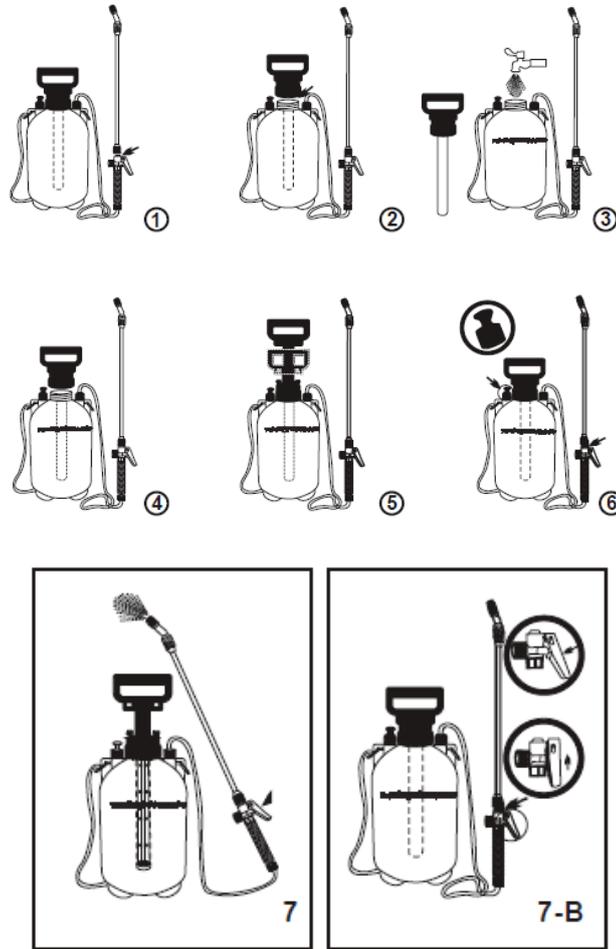

1. Adjustable spray nozzle
2. Pump handle
3. Nozzle connector
4. Trigger
5. Spray bottle
6. Pump
7. Safety valve

Start up

1. Attach the nozzle by screwing it clockwise (Fig1)
2. Unscrew the pump handle counterclockwise (Fig2)
3. Fill with the desired liquid to the maximum fill line as shown on the bottle (Fig3)
4. Screw the pump handle down in a clockwise direction (Fig4).
5. Pump the sprayer about 10-20 times (Fig 5)
6. The safety valve will leak if the air pressure is too high. Do not overfill with air or liquid (Fig6)

7. The sprayer will operate when the trigger on the nozzle handle is pressed. To spray continuously, slide the trigger forward to the locked position after pressing. To unlock, slide the trigger back (Fig7 and Fig7-B)

Environment

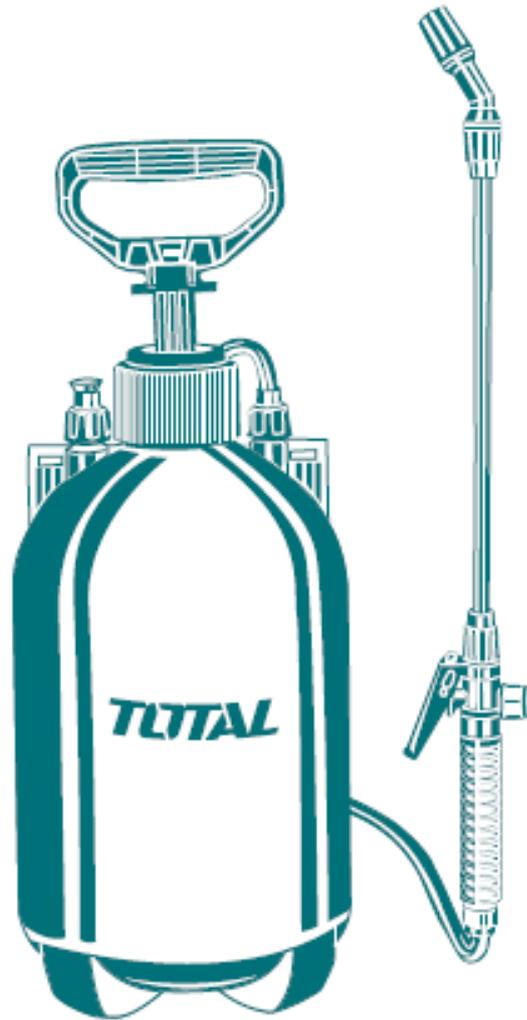

- Do not dispose of electrical appliances as unsorted municipal waste, use separate collection facilities.
- Contact your local authority for information on available collection systems.
- If electrical appliances are disposed of in landfills, hazardous substances can seep into groundwater and enter the food chain, damaging your health and well-being.
- Recycle raw materials instead of disposing of them as waste.
- The machine, accessories and packaging must be classified for environmentally friendly recycling.
